

School Council

25.03.22

Where do we see our school values 'LOVE' around school?

- Library area used for lots of fun activities/crafts/talking things through
- Outside in the playground there are a lot of people that help out when we are upset/pick us up when fall over
- Lots of togetherness in the playground
- In the classrooms - the marking shows us that we are 'Letting our light shine'
- See it most in the bathroom: if children are upset sometimes they go to the bathroom. You will see children talking through disagreements/issues and helping each other out.

Is there space for this for older children elsewhere? Common space? Talk it through space?

- We are often reminding our friends about the values to help them
- People really care about us in school

Things to think about

Pupils were keen to discuss the points below:

- Consider safety reminders in the playground
- Children laugh at others when things go wrong. They watch things online and laugh at fights/aggression (desensitisation).

Consider this in PSHE/assemblies (talk to BM)

## AOB

- Sports Day (planned for Summer term)
- Club provision- gardening club, football, tennis, dodgeball, basketball, robotics, baking, rock collecting, drama (discuss with SC/JB)
- Charity work around school - look for opportunities/Charity Fayre?
- Homework - different opportunities
- Equipment for lunchtime - basketballs, rackets, badminton, footballs (attached to foot), hula hoops, skipping ropes, treadmill, frisbees, swing, new goals (CN put in budget)
- Breakfast club earlier? More toys in breakfast club? (DB/SC)
- Larger cups at lunchtime?
